

DEEPADHARSHINI P

FULL-STACK DEVELOPER

Reddiyur, Salem, India | +91 8189800367 | deepadharshini171@gmail.com | linkedin.com/in/deepa-darshini171

PROFESSIONAL SUMMARY

Detail-oriented Computer Science graduate and Full-Stack Developer with practical experience in building responsive web applications and optimizing user experiences. Proven track record of reducing page load times by 20% and boosting mobile usability by 30%. Eager to leverage a strong foundation in scalable software, secure authentication, and database management to deliver high-quality, impactful engineering solutions that drive company growth.

TECHNICAL SKILLS

- Web Technologies:HTML5, CSS3, JavaScript (ES6), Bootstrap, Responsive Web Design
- Backend & DB:PHP, MySQL, Core Data Management Systems
- Tools & Platforms:Git, GitHub, VS Code, UI/UX Wireframe Translation
- Core Competencies:Full-Stack Development, Performance Optimization, Secure User Authentication

PROFESSIONAL EXPERIENCE

- Mikrosun Technology

Salem, India

Frontend Developer (Internship)

May 2025

 - Performance Optimization:** Strategic restructuring of client-side architecture and asset optimization reduced page loading latency metrics by 20%.
 - Mobile Responsiveness:** Spearheaded design and integration layouts via semantic HTML5 and clean Bootstrap configurations, elevating mobile usability profiles by 30%.
 - Cross-Functional Collaboration:** Partnered smoothly with internal UI/UX teams to accurately transform design mockups and wireframes into highly accurate, pixel-perfect production code.
- Freelance Web Designer & Developer

Remote

Independent Web Engineering Consultant

2025 – Present

 - Client Engineering:** Conceptualized, developed, and deployed custom, dynamic web experiences for external clients targeted towards distinct business objectives.
 - UI Modernization:** Implemented interactive components and structured styling rules, yielding seamless navigation paradigms and complete cross-browser compatibility.
 - Refactoring Frameworks:** Audited existing codebases to embed comprehensive fluid-grid styling rules, optimizing multi-device mobile response and boosting user retention metrics.

KEY PROJECTS

Recipe Book Application

Full-Stack Developer

Personal Project

Jan 2025 – Mar 2025

- **Full-Stack Architecture:** Engineered a robust, modular recipe indexing engine leveraging PHP for strict server-side processing workflows and structural MySQL query logic.
- **Security Implementations:** Coded and tested a secure registration/login encryption workflow alongside an isolated admin dashboard to manage safe content curation routines.
- **Frontend Layouts:** Engineered modern flex layouts containing smart device breakpoints to yield consistent user interaction fidelity across all viewports.

Online Fitness & Knee Injury Rehab Booking Platform

Freelance Full-Stack Project

Client Implementation

Jan 2025 – Mar 2025

- **System Architecture:** Designed and developed a full-stack web application tailored for a fitness and specialized knee injury rehabilitation clinic to handle automated online seat and session bookings.
- **Database Management:** Engineered a robust relational database schema using MySQL to securely manage real-time slot availability, user registration profiles, and appointment scheduling parameters.
- **User Interface:** Built a clean, highly accessible, and intuitive front-end layout utilizing Bootstrap, ensuring seamless navigation for individuals booking rehab sessions across mobile and desktop devices.

EDUCATION

Sri Sarada College for Women (Autonomous)

Salem, Tamil Nadu

Bachelor of Computer Science

2023 – 2026

ADDITIONAL INFORMATION

Bootcamp:	Full Stack Development Bootcamp - Novitech
Languages:	English (Professional), Tamil (Native)
Activities:	College Citizen Consumer Club
